

Alicia Mateos Cardenas

University College Cork (Ireland)
Postdoctoral Researcher

- Microplastics ecotoxicology
- Monitoring of microplastics (deep sea, freshwater and urban environments)
- Bioplastics and plastic biodegradation
- Greenwashing regarding bioplastic claims and environmental law

alicia.mateoscardenas@ucc.ie

Ana Luzia Lacerda

Sorbonne University (France)
Researcher

- Environmental Science
- Impacts of plastics on aquatic ecosystems
- Plasticsphere (pathogens and biodegraders associated with plastics)
- Conservation Biology

ana-luzia.lacerda@imev-mer.fr

Babet De Groot

University of Sydney
(Australia)
PhD Researcher

- Global environmental governance of plastic pollution
- Social and Political Sciences

babeth.degroot@sydney.edu.au

Bethanie Carney Almroth

University of Gothenburg
(Sweden)
Professor of Ecotoxicology and Environmental Sciences

- Environmental science
- Ecotoxicology of microplastics and chemicals
- Fish physiology, molecular mechanisms of toxicity
- Chemicals in plastics products
- Planetary Boundaries

bethanie.carney@bioenv.gu.se

Bettie Cormier

Norwegian University of Science and Technology - NTNU (Norway)
Postdoctoral Researcher

- Aquatic ecotoxicology of plastics and associated chemicals
- *In vitro* and *in vivo* studies
- Plastic associated chemicals toxicity

bettie.cormier@ntnu.no

Carmen Morales Caselles

University of Cádiz
(Spain)
Research fellow

- Marine Litter
- Microplastics
- Marine Pollution
- Ecotoxicology
- Coastal management

carmen.morales@uca.es

Doris Knoblauch

Ecologic Institute (Germany)
Senior Fellow

- Plastics politics & policy
- Plastics systems thinking & circular economies
- Citizen science
- Multidisciplinary

doris.knoblauch@ecologic.eu

Ellen Palm

Lund University
(Sweden)
PhD student

- Industrial decarbonisation
- Carbon Capture and Utilisation
- Circular Economy

ellen.palm@miljo.lth.se

Emmy Nøklebye

Norwegian Institute for Water
Research - NIVA
(Norway)
Research scientist

- Role of informal sector in combating plastic pollution
- Just transitions towards ending plastic pollution
- Capacity building to reduce plastic and chemical pollution
- Plastic waste management strategies and governance mechanisms

emmy.noklebye@niva.no

Fabienne Lagarde

Le Mans University
(France)
Associate Professor

- Polymer degradation in the environment
- Design of model microplastics

fabienne.lagarde@univ-lemans.fr

Idun Rognerud

Norwegian Institute for Water
Research – NIVA
(Norway)
Research Scientist

- Global environmental governance of plastic pollution
- Social and political sciences

idun.rognerud@niva.no

Jane Muncke

Food Packaging Forum
(Switzerland)
Managing Director and Chief
Scientific Officer

- Chemicals
- Food packaging

jane.muncke@fp-forum.org

Joachim Peter Tilsted

Lund University
(Sweden)
PhD student

- Petrochemical industry
- Political economy
- Industrial decarbonisation
- Corporate climate governance

joachim.tilsted@miljo.lth.se

Juan Baztan

University of Versailles
Saint-Quentin-en-Yvelines /
University Paris Saclay
(France)
Researcher

- Environmental and Earth Sciences
- Ecosocial Transformation
- Coastal Zones

juan.baztan@uvsq.fr

Justin Boucher

Food Packaging Forum
(Switzerland)
Operations Director

- Food contact materials
- Food contact chemicals
- Life cycle assessment
- Sustainable chemical product and process design

justin.boucher@fp-forum.org

Kristian Syberg

Karl Holmberg

Laura Monclus Anglada

Leslie Adogame

Lucy Woodall

Roskilde University
(Denmark)
Associate professor and
head of section

PhD Student in Political
Science (Sweden)
Lund University

Norwegian University of
Science and Technology -
NTNU (Norway)
Research scientist

Sustainable Research and Action for
Environmental Development - SRADev
(Nigeria)
Executive Director/Chief Techn. Officer

University of Exeter (UK)
Associate Professor in
Conservation Biology and
Policy

- Circular economy
- Environmental regulation
- Science to policy
- Ecotoxicology

- Politics of plastics
- Plastic governance & policy
- International relations, political economy & diplomacy
- Disposability, waste, reuse and recycling
- History of plastics

- Ecotoxicology of microplastics and chemicals
- Plastic associated chemicals (analyses, toxicity, *in vivo* studies)
- Impacts on wildlife
- Endocrine disruption

- Biochemistry
- Sustainability and Public Health
- MPH - Environmental Health
- PhD - Sustainable Development
- Toxicology of chemicals and wastes in plastics life cycle
- Policy, Governance research, Advocacy and Negotiation
- MEAs, UN Conventions and Treaty processes

- Marine litter
- Microplastics
- Deep Sea
- Boundary spanning tools
- Effective solutions in low data environments

ksyberg@ruc.dk

karl.holmberg@svet.lu.se

laura.monclus@ntnu.no

ane_adogame@hotmail.com

l.woodall@exeter.ac.uk

Marina Fernandez

Martin Wagner

Mary Ellen Ternes

Matthias Egger

Melanie Bergmann

CONICET (Argentina)
Researcher

Norwegian University of
Science and Technology -
NTNU (Norway)
Associate Professor

Global Council for Science
and the Environment - GCSE
(USA)
Senior fellow Law and Policy

The Ocean Cleanup
(The Netherlands)
Head of Environmental and
Social Affairs

Alfred Wegener Institute
(Germany)
Senior scientist

- Endocrine Disrupting Chemicals
- Health effects of plastics

- Human and environmental toxicology
- Nano- and microplastics
- Plastic chemicals
- Endocrine disruption
- Solutions to plastic pollution

- Environmental law and policy
- Environmental Pollution Mitigation
- Chemical Engineering Processes
- Plastics additives

- Marine biogeochemistry
- Ocean plastic pollution (sources, transport, fate)
- Environmental and Social impacts of plastic cleanup activities

- Marine Biology
- Microplastic & Plastics poll. in the Arctic
- Ocean Plastic Pollution
- Plastic pollution impacts on marine biota
- Distribution of ocean plastic pollution
- Plastic poll. in the North Pacific Ocean
- Media work & science communication
- Deep-sea ecology
- Arctic ecology & climate change
- Citizen Science

marinaolgafernandez@gmail.com

martin.wagner@ntnu.no

maryellen@gcseglobal.org

matthias.egger@theoceancleanup.com

melanie.bergmann@awi.de

Melissa Wang

Natalia M. Grilli

Neil Tangri

Nihan Karali

Nina Khanna

Senior Scientist -
Greenpeace Research Laboratories
Honorary Research Fellow -
University of Exeter

UNESCO Chair for
Ocean Sustainability
(Brazil)

University of California
Berkeley
(USA)
Senior Fellow

Lawrence Berkeley National
Laboratory
(USA)
Policy Researcher

Lawrence Berkeley National Laboratory
(USA)
Policy Researcher

- Ecotoxicology
- Science-Policy interface
- Global chemical governance
- Global plastics governance
- Campaign

- Ocean governance
- Science-policy interface
- Social participation
- Advocacy
- Marine politics
- National reporting

- Climate change
- Oceanography
- Waste Management
- Chemical recycling
- Plastic credits and neutrality
- Waste pickers and just transition

- Climate impact of plastics
- Plastics production
- Life cycle of plastics
- Systems thinking

- Energy, climate, environmental modeling, impact analysis
- Techno-economic, bottom-up modeling, scenario analysis of technologies/policies for deep decarbonization
- Industrial and transport sectoral analysis of technologies/policies
- Demand-side measures and demand reduction policies/programs

*m.wang@exeter.ac.uk;
melissa.wang@greenpeace.org*

nmgrilli@gmail.com

ntangri@berkeley.edu

NKarali@lbl.gov

xzheng@lbl.gov

Patricia Villarrubia Gómez

Stockholm University / SRC
(Sweden)
PhD

- Plastics pollution
- Planetary boundaries
- Social-ecological impacts
- The big picture and interconnection

patricia.villarrubia@su.se

Patrick O'Hare

University of St Andrews
(UK)
UKRI Future Leader Fellow
(FLF) and Senior Researcher

- Social Anthropology
- Waste and Recycling
- Circular Economy
- Informal and Cooperative Labour
- Regional focus on Latin America

po35@st-andrews.ac.uk

Richard Thompson

University of Plymouth
(UK)
Professor of marine biology

- Plastic pollution, microplastics
- Plastic waste
- Impacts of plastic debris & solutions
- Biodegradable & compostable plastics
- Cosmetic microbeads, Textile microfibres, Car tyre microplastics
- Mechanical clean up devices
- Wastewater treatment
- Behaviour change

r.c.thompson@plymouth.ac.uk

Samantha Garrard

Plymouth Marine Laboratory
(UK)
Senior Scientist

- Impact of plastic pollution on marine organisms
- Marine ecology
- Marine ecosystem services
- Risk assessment
- Ecotoxicology
- Environmental journalism and communication

sga@pml.ac.uk

Sedat Gündoğdu

Çukurova University
(Turkey)
Associate Professor

- Marine Biology
- Microplastic pollution in the aquatic environment
- Microplastic contamination in the foodstuff
- Plastic waste trade and related illegal activities
- Waste management

sedat.gundogdu.65@gmail.com

Shahriar Hossain

Environment and Social Development Organization-ESDO (Bangladesh)
Senior Technical Advisor

- Environmental science
- Urban ecology
- Socio-anthropological studies
- Toxicology & environmental health
- Toxic/chemical exposure to the plastic lifecycle
- Environmental journalism/communication
- Negotiation, policy advocacy, lobbying
- UN conventions, protocols, treaty processes

shahriar@esdo.org

Therese Karlsson

International Pollutants Elimination Network - IPEN (Sweden)
Science and Technical Advisor

- Chemicals in plastics
- Sources and fate of microplastics
- Citizen-science generated global data-sets on plastics
- Policy work (Stockholm Conventions POPRC, Basel conventions OEWG and the Science-Policy Panel for chemicals, waste and pollution OEWG)

theresekarlsson@ipen.org

Trisia Farrelly

Massey University (New Zealand)
Associate Professor

- Environmental anthropology
- Environmental management
- Product & environmental stewardship
- Plastics politics & policy
- Plastics systems thinking & circular economies
- Plastics toxicity & materiality
- Plastics & culture
- Indigenous knowledge systems
- Citizen science
- Multidisciplinary

T.Farrelly@massey.ac.nz

Vitoria Scrich

UNESCO Chair for Ocean Sustainability (Brazil)

- Plastics governance and policy-making
- Science-management interface
- Marine litter monitoring coordination
- Multisectoral and lifecycle approach
- Stakeholder analysis and engagement
- Circular Economy

vitoria.scrich@usp.br

Xuejing Chen

Pacific Environment (China)
Plastics Campaign Manager

- Plastics, petrochemicals and climate connection
- Green petrochemicals and CCUS
- Waste management
- Planetary boundary of plastics

xchen@pacificenvironment.org
