

Andres Arias

National South University/Argentine Institute of Oceanography (Argentine)
Researcher/Professor

- Environmental Science
- Microplastics (Atmospheric, Freshwater & Marine)
- Oceanography

andresarias.ar@gmail.com

Babet de Groot

University of Sydney (Australia)
PhD Researcher

- Global governance of the global plastics crisis
- Politics, government, and international relations
- Environmental politics

babet.degroot@sydney.edu.au

Bethanie Carney Almroth

University of Gothenburg (Sweden)
Professor of Ecotoxicology and Environmental Sciences

- Environmental science
- Ecotoxicology of microplastics and chemicals
- Fish physiology, molecular mechanisms of toxicity
- Chemicals in plastics products
- Planetary Boundaries

bethanie.carney@bioenv.gu.se

Doris Knoblauch

Ecologic Institute (Germany)
Senior Fellow

- Plastics politics & policy
- Plastics systems thinking & circular economies
- Citizen science
- Multidisciplinarity
- Science-policy-interface

doris.knoblauch@ecologic.eu

Emmy Nøklebye

Norwegian Institute for Water Research - NIVA (Norway)
Research scientist

- Just transitions towards ending plastic pollution
- Informal recovery of plastic waste
- Plastic waste management strategies and governance mechanisms

emmy.noklebye@niva.no

Fabienne Lagarde

Florence Parker-Jurd

Francesca De Falco

Ginevra Oertel

Jane Muncke

Le Mans University
(France)
Associate Professor

University of Plymouth (UK)
Research Assistant

University of Plymouth (UK)
Research Fellow

Norwegian University of Science and
Technology (Norway)
PhD Candidate

Food Packaging Forum
(Switzerland)
Managing Director and Chief
Scientific Officer

- Polymer degradation in the environment
- Design of model microplastics

- Sources and pathways of microplastics to marine environments
- Vehicle tyre wear particles
- Evaluating the performance of mechanical marine cleaning devices

- Material and polymer science
- Analytical Chemistry
- Textile microfibre pollution
- Biodegradable & compostable plastics
- Plastic pollution sources, fate and mitigation strategies

- Industrial microplastic/plastic prevention strategies
- Operations and EHS management, industrial lifecycle
- Microplastic in industrial wastewaters
- Shipbuilding and Fishing Industry
- Science-Policy-Industry Interface
- Interdisciplinarity

- Chemicals
- Food packaging

[fabienne.lagarde@univ-l
emans.fr](mailto:fabienne.lagarde@univ-l
emans.fr)

[florence.parker-jurd@plymouth.
ac.uk](mailto:florence.parker-jurd@plymouth.
ac.uk)

[francesca.defalco@plymouth.ac
.uk](mailto:francesca.defalco@plymouth.ac
.uk)

ginevra.oertel@ntnu.no

jane.muncke@fp-forum.org

Jeffrey Seay

University of Kentucky
(USA)
Professor

- Chemistry
- Engineering
- Environmental Management
- Environmental Science

jeffrey.seay@uky.edu

Justin Boucher

Food Packaging Forum
(Switzerland)
Operations Director

- Food contact materials
- Food contact chemicals
- Life cycle assessment
- Sustainable chemical product and process design

justin.boucher@fp-forum.org

Kathinka Furst

Norwegian Institute for
Water Research - NIVA
(Norway)
Research Manager

- Environmental Governance
- Non-State Regulation
- Policy Implementation, Enforcement, Compliance

Kathinka.furst@niva.no

Kristian Syberg

Roskilde University
(Denmark)
Associate professor/ Head of
section

- Circular economy
- Environmental regulation
- Science to policy
- Ecotoxicology

ksyberg@ruc.dk

Leslie Adogame

Sustainable Research and Action for
Environmental Development
(Nigeria)
Executive Director/Chief Techn. Officer

- Biochemistry
- Sustainability and Public Health
- MPH - Environmental Health
- PhD - Sustainable Development
- Toxicology of chemicals and wastes in plastics life cycle
- Policy, Governance research, Advocacy and Negotiation
- MEAs, UN Conventions, Treaty processes

ane_adogame@hotmail.com

Marina Fernandez

Mary Ellen Ternes

Marie-France Dignac

Max Richard Kelly

Melanie Bergmann

IBYME-CONICET
(Argentina)
Researcher /
Member of the
Endocrine Society's
delegation

Global Council for Science and the
Environment (US)
Senior Fellow for Law and Policy

French National Research
Institute for Agriculture,
Food and the Environment -
INRAE (France)
Researcher

Research Fellow (UK)
University of Plymouth

Alfred Wegener Institute, Helmholtz
Centre for Polar and Marine Research
(Germany)
Senior scientist

- Chemicals in Plastics
- Endocrine Disrupting Chemicals
- Health effects of plastics

- Waste generation, tracking, managem.
- Envir. pollutant characterization, remediation, risk assessment
- Representative Sampling & analytical methods
- Chem. process design & operation for waste recovery / destruction
- Environmental law & policy, developing approaches to plastic

- Soil biochemistry
- Microplastics impacts on soil ecology and soil functions
- Microplastics in organic waste treatment and in agricultural soils

- Marine Biology
- Plastic Pollution
- Marine biotechnology
- Media and science communication
- Microbiology
- Microfibres
- Key focus in Indonesia

- Marine Biology
- (Micro)plastics poll. in the Arctic
- Ocean Plastic Pollution
- Plastic poll. impacts on marine biota
- Distribution of ocean plastic pollution
- Plastic poll. in the North Pacific Ocean
- Media work & science communicat.
- Deep-sea ecology
- Arctic ecology & climate change
- Citizen Science

marinaolgafernandez@gmail.com

maryellen@gcseglobal.org

marie-france.dignac@inrae.fr

max.kelly@plymouth.ac.uk

melanie.bergmann@awi.de

Melissa Wang

Greenpeace Research
Laboratories
Senior Scientist
University of Exeter (UK)
Honorary Research Fellow

- Ecotoxicology
- Science-Policy interface
- Global chemical governance
- Global plastics governance
- Campaign

m.wang@exeter.ac.uk;
melissa.wang@greenpeace.org

Natalia M. Grilli

University of Tasmania (Australia)
UNESCO Chair for Ocean
Sustainability (Brazil)

- Ocean governance
- Science-policy interface
- Stakeholder engagement
- Advocacy
- Marine politics
- National reporting

nmgrilli@gmail.com

Neil Tangri

University of California
Berkeley
(USA)
Senior Fellow

- Climate change
- Oceanography
- Waste Management
- Chemical recycling
- Plastic credits and neutrality
- Waste pickers and just transition

ntangri@berkeley.edu

Nihan Karali

Lawrence Berkeley National
Laboratory
(USA)
Policy Researcher

- Environmental Science
- Climate Science
- Policy Analysis
- Climate impact of plastic production
- Circular economy
- Systems thinking

NKarali@lbl.gov

Patricia Villarrubia Gómez

Stockholm University - SRC
(Sweden)
PhD candidate

- Plastics pollution
- Planetary boundaries
- Social-ecological impacts
- The big picture and interconnection

patricia.villarrubia@su.se

Patrick O'Hare

University of St Andrews
(UK)
UKRI Future Leader Fellow (FLF)
/ Senior Researcher

- Social Anthropology
- Waste and Recycling
- Circular Economy
- Informal and Cooperative Labour
- Regional focus on Latin America

po35@st-andrews.ac.uk

Richard Thompson

University of Plymouth
(UK)
Professor of marine biology

- Plastic pollution, microplastics
- Plastic waste
- Impacts of plastic debris & solutions
- Biodegradable & compost. plastics
- Cosmetic microbeads, Textile microfibres, Car tyre microplastics
- Mech. clean up devices
- Wastewater treatment
- Behaviour change

r.c.thompson@plymouth.ac.uk

Rufino Varea

The University of the South
Pacific (Fiji)
PhD Candidate

- Ecotoxicology
- Indigenous Studies
- Microplastics (Marine)
- Pharmacology
- Policy

rvarea97@gmail.com

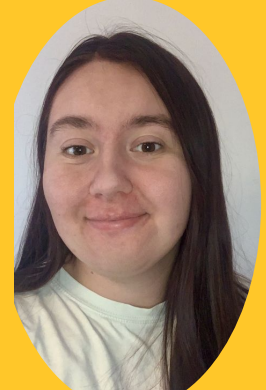

Sara Plassnig

Norwegian Institute for
Water Research - NIVA
(Norway)
Research Assistant

- Citizen Science
- Gender Studies
- Development Studies
- Peace & Conflict
- Journalism

sara.plassnig@niva.no

Tara Olsen

Lund University (Sweden)
Research Assistant

- International Environmental Law and Policy

tara.janiver-olsen@svet.lu.se

Therese Karlsson

International Pollutants Elimination Network – IPEN (Sweden)
Science and Technical Advisor

- Chemicals in plastics
- Sources and fate of microplastics
- Citizen-science generated global data-sets on plastics
- Policy work (Stockholm Conventions POPRC, Basel conventions OEWG and the Science-Policy Panel for chemicals, waste and pollution OEWG)

theresekarlsson@ipen.org

Trisia Farrelly

Massey University (New Zealand)
Associate Professor

- Environmental anthropology
- Environmental management
- Product & environmental stewardship
- Plastics politics & policy
- Plastics systems thinking & circular economies
- Plastics toxicity & materiality
- Plastics & culture
- Indigenous knowledge systems
- Citizen science
- Multidisciplinarity

T.Farrelly@massey.ac.nz

Vitoria Scrich

UNESCO Chair for Ocean Sustainability (Brazil)

- Plastics governance and policy-making
- Science-management interface
- Marine litter monitoring coordination
- Multisectoral and lifecycle approach
- Stakeholder analysis and engagement

vitoria.scrich@usp.br

Winnie Courtene-Jones

University of Plymouth (UK)
Research Fellow

- Biodegradable & compostable plastics
- Plastic pollution impacts on marine & terrestrial species
- Sources and fate of microplastics- marine & terrestrial
- Distribution of microplastic pollution
- Environmental biology

winnie.courtene-jones@plymouth.ac.uk

Gunhild Bødtker	Jean-Francois Ghiglione	Rebecca Helm
NORCE (Norway) Senior researcher	CNRS (France)	Georgetown University (UK) Assistant Professor
